

# A Depth of Opportunities

**Dumas** is one of Canada's most successful underground mining contractors specializing in technically challenging mining projects in mine construction, mine development, shaft sinking operations, raising, and engineering. Our **Timmins Office** is currently seeking a...

## **Buyer** 6 month contract

Reporting to the Purchasing Manager, you will provide expertise and support with Purchasing/Contract Administration and Warehousing, on a Global scale. You will manage all purchase orders, contract administration, quotations, rentals/leasing, reports, and purchasing audit functions.

Highly motivated and self directed, you are a member of the PMAC or equivalent with 3 to 5 years' work experience in Purchasing and Contract Administration in the Mining Industry. Superior interpersonal, communication, and organizational skills enable you to thrive as a valuable team member in a fast-paced, international environment. Expert Excel and MS Office skills are required. Bilingualism is an asset.
